Face to Face with a **HITMAN!**

anymore, you never know what you are going to walk into. Used to, going to church was an ordinary part of a Christian's life. Now, throughout the entire border of Mexico, a new element has risen with great force attempting to hold people hostage in their own country. A spirit of fear has been unleashed upon the people and we have a complete understanding that this is no physical battle. The war that is being waged on the Mexico / United States border is no other war on the planet. However, despite the grenade attacks, shoot-outs on major intersections, kidnappings, police corruption and car hijackings, we are determined not to be deterred from what God is doing. In fact, it is what we feed off of. Jesus said in John 4:34, "My meat is to do the will of Him who sent me, and to finish His work." God's directive is to share His message and pray faithfully.

We know this is a spiritual battle which will be won in the heavens as our prayers and faith reach the heart of God. In crusades which have been held in numerous Mexican cities, members of cartels have surrendered their lives to Christ! On one such occurrence, a young man responded to the altar call who had just escaped being kidnapped days before and the Lord spoke to him saying, "You were supposed to be dead, but my hand guided you out and brought you to this church to hear the message of My Son!" I learned later this man was a hitman for another cartel and after that night, his life was forever changed!

God is opening doors all over Mexico to share the life changing message of the Gospel! Crusades in Nuevo Laredo, Monclova, Monterrey and Candela have been blessed with (flip

A strong move of the Holy Spirit brought us to our knees and many to the floor as people were set free and healed at the Monclova Crusade in September!

The Healing Hands of God

Amazing things happen when the hands of God outstretch to a desperate people who desire Him above all else. Throughout this year, we have witnessed and participated in wondrous moves of the Spirit as we have seen people receive healing for pain in their bodies, headaches cured, poisons removed, and the crippled walk. We are blessed above measure to be a small part of preparing the world for the soon coming of the Lord. It is with great anticipation that we look forward to a greater move of the Holy Spirit in the coming year so that the name of Jesus is exalted and lifted up and He draws all men to Himself.

This boy never walked before and was miraculously healed in the Monclova crusade when he began to walk for the first time. In Candela, this teenage girl had been poisoned which left her paralyzed. She was on her way to the witch doctor when God healed her at the crusade! Her family was saved! Hallelujah!

(continued from front) the presence of God which many have never witnessed nor experienced. Mexican people are being filled with Holy Ghost and are hungry. They are tired of religiosity and are ready for a real move of God.

Even those involved in the cartels are desperate for a way of escape as they realize they are in over their heads. Many have come to Christ in churches all over Mexico knowing their days are numbered. Many question why we continue to cross the border in such tremulous times. The answer of course, is Jesus. He shows us the soul of those who are bound and have found no way out. He reveals to us their heartache and grief for what they have done. Many come and confess they are being tormented by demons and they cannot escape. Indeed, God is bringing deliverance, hope and restoration in great time of need.

Media Doors Opened!

While traveling on itineration January 2009, a word of the Lord came to us in Phoenix, AR which said that we would be on television, newspapers and radio. We did not know what to think, but we received the word with gladness. Since May 2010, an unprecedented wave of media favor has been granted to us for television commercials, radio spots and newspaper promotions and even our own television weekly show on www.genesisstv.org all at no cost to us! So far, two commercials have been filmed in Nuevo Laredo which air 2 -3 times a day delivering a message of peace to the city and we have participated in two telethons for Genesis TV in Matamoros, MX. We thank God for His fulfilled Word and favor!

El misionero norteamericano Kevin Snow, de la Iglesia Pentecostés, con más de 10 años de trabajo religioso en la república mexicana, hizo una visita al periódico de mayor circulación en esta ciudad, El Diario, para anunciar su llegada a Nuevo Laredo en donde se quedará durante algún tiempo ejercitando su actividad de misionero.

EN EL GIMNASIO MILO MARTÍNEZ

Se presentará Kevin Snow hoy y mañana

ALONDRA BUITRERRE / LA VOZ

El misionero Kevin Snow se presentará en el Gimnasio Milo Martínez de esta ciudad en un evento totalmente gratuito, en donde el único objetivo es presentar a los asistentes el mensaje de Salvación, esto es el día 29 y 30 de este mes iniciando a las 19:00 horas.

Misionero estadounidense radicado en México, Kevin Snow ha visitado por lo largo de 30 años la ciudad de México impartiendo diferentes cursos sobre la labor que realiza un misionero.

Como misionero desde los 33 años de edad visitó por primera vez la ciudad de Laredo, para dar a conocer la necesidad que sus habitantes tienen de escuchar la Palabra de Dios y fue allí el lugar que lo ligó desde sus inicios como misionero al País de México.

Dentro de lo que Kevin Snow imparte en sus conferencias, es la importancia de ser MISIONERO, esto para toda la gente que ha sentido la necesidad de evangelizar fuera de sus localidades en lugares lejanos de un valor tanto a él como a los lugares alejados y desatendidos. "Pero sobre todo comparto el mensaje de Dios dado en las Santas Escrituras, ya que allí se encuentra la que Dios quiere del hombre", asegura.

"Ser misionero también es enfrentarse a diferentes culturas en general, desde la comida, las costumbres, los idiomas e incluso las lenguas nativas y pues el misionero tiene que tratar de acostumbrarse a un cambio de vida de 360° en forma caso", mencionó Kevin Snow, pero que sin la ayuda de Dios no le hubiera logrado y con el paso del tiempo enfrentó cuáles son sus propósitos.

Añade que se invita al público en general a asistir a este gran evento evangelístico en donde se podrá presenciar el poder de Dios en la gente de la ciudad de Matamoros.

Por último, Kevin Snow mencionó a este medio que estará próximamente en fechas cercanas en esta ciudad y que si alguien desea contactarlo puede comunicarse y agendar entrevista en la siguiente página: www.DiosEnEstadosUnidos.org.
